PROJECT DESCRIPTION

Sackcloth & Ashes are looking to upgrade the Gift Wrap and Shipping capabilities on their website. Gift wrapping would include multiple types of wrapping options, each with a preview image. The cards would be redesigned to user-friendly and communicate what is necessary (name, message, etc). Checkout would be upgraded to include the option to ship separate items to different addresses.

All of the upgraded and added features would be designed to reflect the current branding of Sackcloth & Ashes. Designs and features will include a thoughtful and intuitive user experience for the client and the owner.

PROJECT SCOPE

1. Gift Wrapping

- Implement a Shopify Product Options app that can create multiple gift wrapping options.
- Create multiple gift wrapping options that includes a preview image & added price.
- Design an intuitive interface to understand what product has which gift wrap.
- Incorporate editing gift wrapping options within the checkout cart.

2. Card Message

- Add the ability to select from a variety of gift cards.
- Design the cards to be intuitive for writing the name and message.

3. Multiple Shipping

- Implement Multiship app that adds the ability to ship products to different addresses.
- Incorporate any additional options Multiship offers (eg Sales tax calculator).
- Design checkout cart so multiple shipping is an option for clients, and intuitive to use.

BUDGET

Note: If work starts creeping outside of the defined project scope, the determined budget may be revisited.

1. Gift Wrapping - \$800
2. Card Message - \$400
3. Multiple Shipping - \$400

Not included in the budget:

- The purchase of any Shopify Apps.
- Any extra software or items related to Shopify or dependent on the project scope.

Total: \$1,600

PAYMENTS OPTIONS

You may choose which option works best for you.

Half up front

- Before starting the project – \$1,000
- After launch of project – \$600

Thirds

- Before starting the project – \$600
- After 2/3rd Milestone or before launch – \$500
- After launch of project – \$500

Payment methods:

Checks and Zelle are the best options. Other payment methods such as PayPal will have an additional fee equal to their transaction fee.

TIMELINE

Deadline: ASAP - Before the mass holiday shopping begins.

Overtime likely-hood: Low-moderate

Overtime is determined by the estimation of potential bugs, client delays, and unexpected happenings.
